Description of the project week:

09/12/2017 – Topic: Arrival, greeting of the guests, Solidary and tolerant European citizenry's day, debate forum, getting acquainted - each other's cognition, the host, the introduction of the called settlements and their local civil initiations. EU's acceptance – the common exploration of fears and questions - discussion evoking. From Hollókő's twinned towns – from 6 countries, 140 European citizens signaled his participation. A so wide-ranging encounter furthers the lingual and cultural variegation inevitably, contributing all this to the culture alley dialogue. The aim of the day to repair the tolerance and the mutual understanding between the citizens of the countries with different development looking back at the different European past. According to settlement, country, area we revealed it with EU, than the roots of aversions strengthening opposite the EU as an institution.

10/12/2017 - Topic: Developments' European Network – the vocational day of developments extending over the borders – World Heritage Day

On this day we presented the results of Hollókő's emphasized tourism project and one border extending (Hungarian-Slovak) project, as thought wakening. The euro criticism is typical of its form in Western Europe we wished to give an answer- justifying the taxes paid for being used. We presented, how our frontier zone was helped by European Union sources, how the developments supported the conservation of the common European culture and the mutual cognition of each other's values.

11/12/2017 - Topic: „Developments' Europe – World Heritage sites and nominated sites presentations. We created an opportunity for the European taxpayers to understand it: an euro spent for all developments means help to the developing areas, countries. Our aim was additional, to further the change of outlook among the European decision makers, some on the local institutions' level, than on a European level. Onto the program, beside the twinned towns, European parliamentarian one-, members of parliament, public characters, development politics organisations' colleagues received an invitation.

12/12/2017 – Topic: „European heritage day and twin city contact extension with a'Bana (ES), Gorlice (PL) and Bátka (SK)”. The receiving settlement and the called ones presentation, traditionalists' introduction. We confirmed our twin city contacts with our Spanish, Szlovakian and Polish twinning towns. We raised the keeping of the national cultural achievements to an European level. This day was a dialogue between the generations, sport and active freetime was used for the disputation of the issues of spare time, active elder age. Likewise this day's programs contributed to the culture alley dialogue the most sharply, the lingual and cultural variegation was mediated.

13/12/2017 – Topic: Informal exchange of ideas of the future of Europe - our heritage and our future, - Program ending, evaluative day. We make time for the assessment of the project, the discussion of the additional tasks, next year's programs on the last day. Our citizens gave an account of the fears digested jointly, and their extended knowledge in the framework of a debate. We provided an opportunity for the citizens to collaborate and let a part be taken in the building of a democratic and Europe opened world, which one's cultural variegation enriches one and joins forces – develops European Union's citizenry.
